

RESPOND RESPONSIBILITY CHART

It is critical that the ATC or coach notify parents and the CMT Coordinator immediately after any suspected concussion. Failure to do so may be a violation of state law and could result in a student not receiving adjustments necessary for healing.

RETURN RESPONSIBILITY CHART — GRADUAL RETURN TO ACTIVITY

ATC/Coach	Parent	CMT
<p>ATC works with other healthcare providers and CMT to develop Return to Play Plan</p>	<p>Monitor and track symptoms at home</p>	<p>Work with medical team, ATC, students and parents to develop Gradual Return to Activity Plan</p>
<p>Communicate regularly with CMT Coordinator</p>	<p>Communicate regularly with CMT Coordinator</p>	<p>CTM Coordinator distributes information to teachers and coordinates modifications and adjustments</p>
<p>ATC meets daily with student</p>	<p>Follow-up with ATC or other healthcare provider</p>	<p>Ensures full compliance with Gradual Return to Activity Plan (Academics and Play)</p>
<p>Follow Gradual Return to Play Plan</p>	<p>Make necessary adjustments at home</p>	<p>Meet regularly until student has completely recovered (medical clearance) OR initiate 504 Plan process</p>

RETURN RESPONSIBILITY CHART — GRADUAL RETURN TO PLAY

Note: Student should be 100% back to academics BEFORE starting gradual return to play.

ATC/Coach	Parent	CMT
<p>Continue to watch for and report symptoms for remainder of sport's season</p>	<p>Deliver medical clearance to CMT</p>	<p>CMT Coordinator informs counselors, teachers, and other staff of clearance</p>
	<p>Continue to watch for and report symptoms for remainder of sport's season</p>	<p>Continue to watch for and report symptoms for remainder of sport's season</p>
